OFFICIAL PRESS RELEASE

DARK COMFORT FOR 2018 HARLEY DAVIDSON SOFTAIL 2018

Thanks to the long-established technical collaboration with some of the best specialists in the world of Harley Davidson bikes, Bitubo presents its new multi-adjustable rear shock absorber **XZE32V3** dedicated to **2018 Softail**.

The new mono is equipped with hydraulic spring preload, rebound and length adjustment. As usual, Bitubo has directed the development of its mono shock focusing on the best possible degree of comfort, linked to the maximum degree of control of the bike. The vast range of adjustments allows to obtain the same degree of comfort and safety with any type of load the motorcycle is subjected to. Two models of mono-shocks are available depending on the application: the mono shock item code **HD047XZE32V3** is dedicated to FXBR BREAKOUT / FXBRS BREAKOUT 114 / FXBRS BREAKOUT 114 ANX, FLFB FAT BOY / FLFBS FAT BOY 114 / FLFBS FAT BOY 114 ANX / FLFBS FAT BOY 114 ANV and FLSB SPORT GLIDE, while the mono shock item code **HD048XZE32V3** is dedicated to FXFB FAT BOB / FXFBS FAT BOB 114. Both mono shocks are adjustable in the length: HD047XZE32V3 (319 mm length) has a range of adjustment from - 5mm to + 3mm, while HD048XZE32V3 (333 mm length) has a range of adjustment from - 4mm to + 4mm.

Both mono shocks are offered in the "Dark Edition" version at a retail price of € 799.00 + VAT.

In order to optimize performance and comfort, Bitubo recommends coupling the Bitubo JBH front fork cartridges to its mono shock absorbers.
